

Calendar Coloring Pages

Get out your crayons, markers, colored pencils or paints and have fun coloring in the calendar drawings.

If you have a printer connected to your computer just click on the calendar that you would like to color, then click on the print button on your browser. You may print a copy and place it on the refrigerator door. By marking the dates when you have an opportunity to communicate with your parent, you will be able to have a record of your visits. You can put stickers or stars on the dates if you like. You can also remind yourself about upcoming events and activities.

Your parents may be able to help if you have any difficulty.

When you are finished, you might want to try coming up with a name for the drawing. Who knows? Maybe you'll even be inspired to write a story to go with it!

Enjoy. 😊
